Configura announces Call for Entries for CET Designer® User Conference

Three categories, prizes offered in awards program

GRAND RAPIDS, MICH., USA—Aug. 5, 2010—Configura (<http://www.configura.com>) announces the Call for Entries for the 3rd annual CET Designer® User Conference Awards Program.

This year, there are three awards categories:

- Best Success Story
- Best Video
- Best Rendering

Submissions will be posted on the Configura website and Facebook site (<http://www.facebook.com/CETDesigner>) for viewing as well as on a Wall of Fame at the User Conference. The Grand Prize is a brand-new computer with high-end graphics card and a new CET Designer license (for Best Success Story). There are prizes in the other categories as well.

The winner in each category will be announced during the CET Designer User Conference, to be held Sept. 29-30 at The Venetian/Palazzo in Las Vegas. Pre-conference activities start Sept. 28. Registration is underway.

There is no cost to submit entries and conference attendance not required. The submission must be created using CET Designer. Deadline to submit is Friday, Sept. 17.

Details on the Awards Program and submission process can be found here:
<http://www.configura.com/userconference/awards>

All CET Designer users, including Haworth, Mepal, Spacefile, Steelcase and Teknion dealers and designers and their manufacturers, are invited to learn more about the conference and register at <http://www.configura.com/userconference>. The conference is free to CET Designer and Extension users, which now include:

- Haworth's Canvas Extension
- Mepal's Extension (launches this summer)
- ProjectMatrix's ProjectSymbols Extension
- Spacefile's SpaceTools Extension
- Steelcase's SmartTools Extension
- Teknion's Storyboard Extension

The Best of NeoCon Gold Award-Winning CET Designer® is used to design and specify office furnishings and space. The software produces photo-realistic renderings, accurate bills of

materials and complete installation instructions – without relying on AutoCAD, although the software easily integrates with AutoCAD. The latest version, CET Designer® 2.4, vastly improves the power to handle large drawings and projects.
